

Hap Moran

This article is by Michael Moran.

Francis Dayle (Hap) Moran played eight seasons in the NFL from 1926 to 1933. He stood 6'1 and his playing weight was 190 pounds. In 1926 he played for the Frankford Yellow Jackets, "World Champions" that year. In 1927 he started the season with Frankford but went to the Chicago Cardinals for their last four games. The Pottsville Maroons bought his contract in 1928 and when their season ended the New York Giants acquired him for their final game of the year. He stayed with the Giants for the next five seasons.ⁱ

In 1930 he set the NFL record for the longest run from scrimmage, 91 yards against the Green Bay Packers.ⁱⁱ In 1931 he was the Giants scoring leader with 35 points and was named All Pro by Red Grange.ⁱⁱⁱ In 1933 he set the NFL record for most yards receiving in a game against the Philadelphia Eagles, 114 yards.^{iv} He retired after the 1933 championship playoff against the Chicago Bears, having played in 99 league games while scoring 166 points.^v

Moran was born on July 31, 1901 in Belle Plaine, Iowa. His father's Roman Catholic family came from Ireland in 1856 while his mother's Protestant family went back to the earliest English settlements in North America with first ancestor arriving in 1607.^{vi} His parents married in 1899, with neither family approving of the inter-faith marriage. Tragically, his father was killed in a railyard accident in 1907,^{vii} and his mother moved to Boone, Iowa, to live with her parents. To help support his mother, Moran worked summers for the railroads swinging a heavy sledge hammer to repair damaged and worn rails. This hardship and severe manual labor had the upside of developing his mind and body for an outstanding athletic career.

At Boone High School, Moran won four letters each in football, basketball, and track. In 1920 he was captain of the Iowa All State Basketball team and named an All American at the interscholastic basketball tournament at the University of Chicago.^{viii} In 1921 he won first place in the shot-put at the interscholastic All West Track Meet at the University of Colorado.^{ix} He was captain of the Boone football team and was named to the Iowa All State team his senior year.^x

In 1922, Moran was recruited to attend Carnegie Tech. He was sidelined by a separated shoulder early in the season but returned for games against Penn State and Notre Dame.^{xi} The Carnegie vs. Notre Dame game in 1922 was the first time Knute Rockne put together the backfield that would come to national fame as the "Four Horsemen."^{xii} Moran would face them again eight years later (as part of the New York Giants) in the last game coached by Rockne.

Moran left Carnegie and returned to Iowa to attend Grinnell College. His citation at The Grinnell College Athletic Hall of Fame reads: *At Grinnell, he starred in both*

basketball and football where he was known for his incredible speed and versatility. An All-Missouri Valley Conference selection in football, Moran excelled at just about everything from rushing to returning kicks to passing. A run against Coe College got Moran mentioned in the *Spalding NCAA Record Book of Famous Runs from 1873-1926*.^{xiii}

In July, 1926, his football coach at Grinnell wrote a letter of recommendation to Frankford Yellow Jacket's coach Guy Chamberlin: *Moran is a big, tall, 'rangie', backfield man. ... He really is a smart ball player. Defensively, he is not fooled. ... He is an excellent passer. ... He is an excellent man to kick off, or kick goals after touchdowns. ... The one thing you are going to like about Moran is that he loves to play football. He is just as willing to block as to run with the ball, as he does not seem to care about what his appointed duty is, just so he gets to play.*^{xiv}

Frankford gave him a contract and his first NFL game was September 25, 1926 against Akron, led by Fritz Pollard. Moran scored Frankford's only points of the day: *The first quarter was thrill-less with the exception of a 26-yard sprint by Moran. In the second period ... a forward pass, Smythe to Hap Moran, placed the pigskin on the 2-yard line, where, in the second play, Moran took it over.*^{xv}

The Canton Bulldogs came to Frankford on October 23. In the final period Moran broke away for a 38-yard "touchdown jaunt."^{xvi} Jim Thorpe was on the field that day for Canton; it was the first time Moran met the "the greatest athlete in the world," but not the last.

After the game against the Chicago Cardinals on November 6, the newspapers highlighted the play by Moran with high praise: *A player by the name of Moran, the star of the entire game, was unstoppable. He was different from what went before ... like a star let down from the planet Mars with plays that the poor fish of the earth knew nothing about. We are certainly pleased to tell our many readers of the wonderful addition this player has made to the team and the spirit he put in the rest of the players.*^{xvii}

The Green Bay Packers arrived at Frankford Stadium for a Thanksgiving Day game. Moran was forced out of the game with injuries and the Yellow Jackets entered the final period down 14-13. With time running out, Hust Stockton threw a pass to Two-Bits

Homan to secure a 20-14 victory.^{xviii} That same combination would prove critical in what newspapers called the championship game against the Chicago Bears on December 4.^{xix}

Moran's injuries kept him on the sidelines most of the game against the Bears. Neither team scored until the final quarter when the Bears made a touchdown, but missed the extra point. With less than two minutes left, Stockton again connected with Homan for a touchdown, and Tex Hamer nailed the extra point to give Frankford the victory.^{xx} Championships then were determined by winning percentage at the end of the season and a loss of any remaining game could cost Frankford the title. The Providence Steam Roller were beaten by the Yellow Jackets on December 11. The arch-rival Pottsville Maroons came on December 18. The program carried a photo of Moran as one of the "Jacket Cripples Who Will See Action Against Pottsville Today."^{xxi} But there wasn't much action and the game ended in a scoreless tie – which gave Frankford the "World Championship" of 1926. A fine white gold Illinois watch was awarded to each player for that accomplishment.^{xxii}

When Moran returned to Iowa after the 1926 football season he played on a semi-pro basketball team. His NFL connection with Thorpe led to an invitation to fill in for an injured player on Thorpe's barnstorming basketball team called "The World Famous Indians." It was the twilight of Thorpe's athletic career, but an unforgettable memory for Moran.^{xxiii}

Frankford did not renew Guy Chamberlin's contract after the 1926 season. Chamberlin went to the Chicago Cardinals and Frankford hired Charles Moran (no relation to Hap) as head coach. The "Yellow Jacket Buzz" did its best to encourage the fans: *We are glad to see so many of our football favorites back - and who won't be thrilled to see "Hap" Moran diving through that line again. Surely everyone recalls the shouts of last season, "Put Hap Moran in," and how Hap did respond. Just like gasoline, those cheers seemed to put pep in his motor.*^{xxiv}

Whatever chemistry the team had in 1926 was replaced by confusion in 1927. Moran was the scoring leader for Frankford, but, after appearing in six games, he was released to go to the Cardinals for the last four games of the season. He scored one touchdown against the New York Yankees.^{xxv}

In 1928, Moran signed with the Pottsville Maroons. The 1928 Pottsville team had three future Hall of Famers: "Fats" Henry, Walter Kiesling and Johnny "Blood" McNally. But even with that star power the results were miserable; Pottsville did not win a single game. Moran had touchdown passes against the Packers, the Bears, and the Giants.^{xxvi} The Giants remembered that Steve Owen had knocked himself out trying to tackle Moran,^{xxvii} and when Pottsville's season ended they bought his contract and put him in the backfield to replace Bruce Caldwell who had been released after teammates complained about his unwillingness to block for them.^{xxviii}

In July, 1929, the Giants purchased the Detroit Wolverines in order to acquire Benny Friedman,^{xxxix} the greatest passer in that era. In 1929 Friedman threw 20 touchdown passes, shattering the previous NFL record.^{xxx} Moran caught four of Friedman's touchdown passes, ending the season with 30 points. He had a great game against Frankford when he ran back an interception 50 yards for a touchdown, caught a Friedman pass in the end zone, and passed for a touchdown to Mickey Murtagh. *Hap Moran ... was the cause of the Yellow Jackets defeat. For one period the Yellow Jackets stood up toe to toe with the Giants until this fellow Moran appeared. He put a shot of new life into the Giants the moment he entered the game. From there on it was easy sailing.*^{xxxi}

The key game of the 1929 season was the Green Bay Packers at the Giants on November 24. Both teams entered the game undefeated with the championship on the line. The *New York Daily News* reported: *Pro football's irresistible force met the game's reputedly immovable object at the Polo Grounds. ... The answer was Green Bay Packers 20, New York Giants 6, undisputed first place in the league for the great Wisconsin scoring machine.* Next to the article was a photo of Moran with the caption: *This play gave the Giants fans one of their few opportunities to cheer. Here's Moran (No. 48) leaping to catch a pass from Friedman in the second quarter march to touchdown.*^{xxxii}

The Giants ended 1929 in second place behind the Packers. This would also be the result in 1930, although the race took a very different route to the finish line. Friedman was again the marquee star but in the game against the Cardinals the newspaper headline read: *Moran Steals Friedman's Thunder - Hap Moran, half back from Carnegie Tech, assumed the hero role for the Giants. Moran sailed a 35-yard pass into the arms of Campbell, New York end. Moran then faked a toss, and swept down to the Cardinal 15. Wilson cut through right tackle for 8, picked up 5 at the other side of the line, and Moran crushed over for the winning score.*^{xxxiii}

In November, 1930, the Giants acquired Chris Cagle, All American from Army. He made his pro debut when the Packers came to the Polo Grounds on November 23. Ten minutes into the game Cagle was injured and Moran went in. Early in the third quarter, the Giants were on their own 8-yard line and in deep trouble. *"Lining up in punt formation, deep man Hap Moran, a deceptively fast 190-pounder, faked a kick, picked up a block, cut around his right end, and headed for the sidelines. Finally, after a record 91-yard run, Moran was pulled down from behind on the Packer 1 by end Lavern Dilweg."*^{xxxiv}

Outside the gates of the Polo Grounds a Great Depression was taking shape. New York Mayor James J. Walker had put together a committee, including Giants owner Tim Mara and Giants vice-president Dr. Harry A. March, to raise money to “alleviate suffering brought about by an industrial depression.” One of the major events they promoted was a game between the Giants and the Notre Dame All Stars, featuring the Four Horsemen.^{xxxv}

The opportunity to go up against Knute Rockne caused Giants coach LeRoy Andrew to lose his focus on league contests. The Giants lost two games in a row and Andrew lost the confidence of his players. Tim Mara was furious and fired Andrew and installed Friedman as player/coach.^{xxxvi} Those losses caused the Giants to slip behind Green Bay in winning percentage and cost Moran and his teammates a championship. But there was some redemption in the meeting with the Notre Dame All Stars. The Giants dominated every aspect of the game and won 22 to 0. Moran threw the final touchdown pass of the game, the last points ever scored against a team coached by Rockne. After the game Rockne told his All Stars, “That was the greatest football machine I ever saw. I’m glad none of you got hurt.”^{xxxvii}

In the summer of 1931 Dr. Harry March purchased a World War I submarine chaser and sent Moran to St. Louis to bring it down to New Orleans and then to Florida. Moran was to pick up other teammates along the way including Marion Broadstone, Glenn Campbell, and Dale Burnett.^{xxxviii} They left the boat in Miami with Captain A. A. Tanos with instructions to bring it up the coast to New York, then boarded a train to get north for the football season.

In 1931 the Giants dropped to fifth in the NFL standings. But it was not all bad news - the great Mel Hein joined the team, Steve Owen was named head coach, and Moran was the scoring leader for the Giants and was named to the second All Pro team by Red Grange.^{xxxix} Moran was fourth in the league in field goals and third in points after touchdown. He scored touchdowns rushing, passing, and receiving. He also did some of New York’s punting. In a game against Green Bay he threw a 54-yard pass to Ray Flaherty and then kicked a 27-yard field goal.^{xl}

F. Dale Moran, (above), who came to Miami as the representative of the New York owners of the converted submarine chaser. Kingfisher uncovered a secret plan under which the Kingfisher was to have been chartered to adventurers who proposed to rescue Chinese and their hoarded gold out of Mexico.

When the football season ended, Captain Tanos and the Kingfisher had still not reached New York, so Dr. March sent Moran down to Miami to investigate. Moran uncovered that Tanos had stolen the boat and was involved in a plot to smuggle Chinese Nationals and their gold out of Mexico.^{xli} The plot also involved an airplane owned by aviator Bill Lancaster and aviatrix Jessie Keith-

Professional Football Researchers Association

www.profootballresearchers.com

Miller. They were famous for long distance flying records before the Depression hit. Now, desperate for cash, Lancaster left Miller in the company of Haden Clarke to ghost-write a book for them while Lancaster flew his plane to the Mexican border. When Lancaster returned, he discovered Keith-Miller and Clarke were having an affair. Five days after the newspapers reported that Moran had uncovered the smuggling plot, the headline was that Haden Clarke had committed suicide.^{xlii} Lancaster was later charged with murder and the trial attracted worldwide attention.^{xliii} Moran went back to New York designing and installing industrial heating and cooling systems until the 1932 football season began.^{xliv}

In 1932 the team dropped the first three games, all on the road. Their opening home game, against Brooklyn, seemed to turn the tide. The 20-12 victory included a 71-yard touchdown run by Moran. Then another tie and two losses made a disastrous 1-5-1 start. Steve Owen brought back Jack McBride, the scoring leader for the Giants in '25, '26, and '27. McBride led the Giants to victories over Stapleton and then over undefeated League Champion Green Bay. The 6-0 win over the Packers was the major upset of the season, and Moran caught a 16-yard pass as part of the touchdown drive.^{xlv}

In 1933 the Giants acquired Harry Newman and Ken Strong. Moran was alternating in the backfield with Strong at the beginning of the season and played a major role in the Giants 54-0 win over the Eagles. In that game he set an NFL record for the most yards receiving in a single game - 114 yards on three catches. The record stood until 1937.^{xlvi}

That victory helped the Giants win the divisional title. For Moran, his touchdown against the Eagles was his last score as a New York Giant. The Giants played the Bears for the NFL Championship but lost 23-21. Sitting on the bench Moran saw Red Grange tackle Red Badgro and break up the Giants last hope for a win in a game where the lead changed hands six times.^{xlvii}

Moran wasn't much for sitting on the bench. As his college coach had written, "he does not seem to care what his appointed duty is, just so he gets to play." It was time to move on.

In 1934, Moran played one season with the Paterson Panthers of the American Association and then kept a hand in football by coaching. He'd done some coaching when the Giants sponsored a football team inside the walls of Sing Sing Prison in 1931.^{xlvi} In 1936 he took the Panthers to an 11-3-0 record.^{xlix}

In 1937 the papers had upbeat stories about Moran signing on to coach a new football team in Jersey City, NJ.ⁱ The team was not able to gain a lease for the newly constructed Roosevelt Stadium and played only three games – all away against Providence, Brooklyn Bay Parkways, and Fritz Pollard's Brown Bombers.^{li}

Also in 1937, Moran married Lucille Beberstein and moved to Sunnyside, Queens. Shortly after he moved, two boys knocked on his door and asked him to coach their football team; he coached the Sunnyside Mustangs from 1938 until the outbreak of World War II.^{lii}

Beberstein had been a schoolteacher in Flint, Michigan. In 1927 she moved to New York and took a management position with Schrafft's Restaurants. Then the Great Depression hit. Working for a restaurant meant no chance of going hungry, and Beberstein brought her mother and two sisters to live with her.^{liii} Her mother's grandfather had been a prominent Amish bishop in Illinois and later a founder of the Defenseless Mennonite Church,^{liv} but in Queens she and Moran joined the Sunnyside Reformed Church where he served as a Deacon and Elder. Moran also served many years as Cub Master, Scout Master, and Executive Committee member of the Queens Council, BSA.^{lv}

After football Moran worked for the Federal Government in procurement. In 1942 he was hired by Western Electric, the supply arm of Bell Telephone. At different points in his career he was responsible for buying all the telephone poles, safety equipment, office supplies, wood, canvas, and cleaning supplies for the Bell System.^{lvi} He retired in 1966.

The Morans had two sons, Mark born in 1940 and Michael in 1947. Mark had a career in the United States Army, rising to the rank of Lt. Colonel after two tours in Vietnam as an Airborne Ranger and combat engineer. Michael was an ordained minister and Senior Pastor of the First Congregational Church in New Milford, Connecticut. In 1990, the Morans moved to New Milford where Lucille died January 8, 1992, and Hap on December 30, 1994. Harry Newman wrote Michael: It's not without reason your dad was called Hap, he always had a smile on his face.^{lvii}

In the summer of 1992 the Giants sent a video crew to New Milford to interview the 91-year old Moran in honor of his 91-yard record run in 1930. The interview was broadcast on the pre-game show *Giants 1992*.^{lviii} In 2005, after 75 years, that record was finally broken by Tiki Barber. As noted in a 2006 profile of Moran in *The Duke*, Moran's run was the longest-held mark in the Giants record book.^{lix}

 Subject: your father's NFL career
 Rev. Moran:

Thank you for your kind letter regarding the Grid Graph that I did, many years ago, that mentioned your father. Unfortunately, I do not know what website contains that chart, and I believe that I did that work at least 10 years ago. Although the NFL began play in 1920, it didn't start keeping statistics in an organized manner until 1933. So it was that when your father caught three passes for 114 yards against the Eagles on Oct. 15, 1933, he was credited with the NFL's first "official" 100-yard receiving game.

Coach, Yellow Jackets Football Team,
Frankford Athletic Association,
Lawson Bldg.,
Frankford & Paul Sts.,
Philadelphia, Pa.

Dear Sir:

Moran is a big, tall, "rangy", backfield man, weighing from 185 to 190 pounds, when in condition. He has long legs, hits them high, and uses his hips in good style. He is one of those chaps who is covering a lot of territory although it appears that he is not running at all.

He really is a smart ball player. Defensively, he seems plays and is not fooled. I like him better playing a defensive half than full, because he looks after passes exceptionally well from halfback position. He tackles well and plays an excellent all around game.

One thing you are going to like about Moran is that he loves to play football. He will do anything you tell him and will work like a Trojan, take discipline without any comment and will sacrifice himself at all times for the benefit of the team. He is just as willing to block as run with the ball, as he does not seem to care what his appointed duty is, just so he gets to play.

Respectfully yours,
H. W. Ryland.

HAP MORAN IS LIKENED TO SHOOTING STAR

Rated As Star of Entire Game by the Philadelphia Public Ledger. Couldn't Be Denied.

Hap Moran has been likened to a shooting star by the sports editor of the Philadelphia Public Ledger. Hap is playing football with the Philadelphia Yellow Jackets and a recent clipping from the Ledger speaks of him as follows:

The large attendance at the Frankford Yellow Jacket stadium last Saturday, were treated to one of the best open games of rugby football were seen at the grounds. The visiting team, with Lamb in the lineup, plowed rings around our home team. In the first quarter they plowed right up the field against the wind, making repeated first downs. It appearing that the Yellow Jackets were unable to stop them. In the second quarter they were very successful in

their open field play, executing forward passes in succession until a touchdown seemed inevitable, with the Yellow Jackets held, and advanced the ball to midfield. Not to be denied, the visitors renewed the fray into the open play and this time scored a touchdown, the half terminating 7 to 6.

In the second half there was a change made in the Yellow Jackets team, and the result was wonderful. A player by the name of Moran, the star of the entire game, was unstoppable, through the line, around the ends, averting the opposing players, and making the longest run of the game, it seemed that he was right at home, and was different from what went before, that he seemed like a star let down from the planet Mars, with plays that the poor folk of the earth knew nothing about. We are certainly pleased to tell our many readers of the wonderful edition this player has made to the team, and the spirit he put in the rest of the players. While the home team had the breaks in the second half they completely outplayed the team which put up the fastest first half seen this season.

BROADSTONE ASKED TO JOIN IN CRUISE

Norfolk, Aug. 5 (AP) — Marion Broadstone, University of Nebraska gridiron star of 1930, received a wire today from Dr. Harry March, president of the New York Giants football association, inviting him to accompany him and three other football players on a cruise down the Mississippi, through the Gulf of Mexico to New York.

Dr. March recently purchased a government submarine chaser No. 43 with which he plans to make the trip.

Plans call for Dr. March and football guests to leave St. Louis August 7. The other players who will make the journey are "Happy" Moran, of Boston, Pa., "Cattie" Campbell, end, and Dale Burnett, halfback.

Broadstone has been signed to play tackle with the New York Giants this fall.

done Thursday night, rivermen pointed out. It was three hours before another boat was able to pull the Kingfisher free and the strange tug could take it under the bridge and out into the bay. Rivermen reported that the ship was provisioned with 3,000 gallons of fresh water and boxes of foodstuffs before it left. A tug, the master of which said that he was on his way from Jacksonville to Pensacola, was fueled at the Belcher Oil Company docks, Thursday afternoon.

The disappearance followed the sending of photostatic copies of the ship's papers to New York by Moran and the uncovering by Moran of secret negotiations which the suspected officer had been making with a Miami group of adventurers who proposed to charter the ship to transport Chinese and their hoarded gold from Mexico to Colombia. The Chinese are not permitted to take their wealth with them when they leave Mexico. It was proposed to carry them by airplane to the deck of the ship a few at a time until 100 of them were loaded and then proceed to Colombia, the Miami promoters, the airplane operators and the boat officer to share in 45 per cent of the gold taken aboard.

E. Dale Moran, (above), who came to Miami as the representative of the New York owners of the converted submarine chaser Kingfisher uncovered a secret plan under which the Kingfisher was to have been chartered to adventurers who proposed to rescue Chinese, and their hoarded gold out of Mexico. He also learned that the ship was registered at the United States Customs office as the property of an officer of the ship. The cruiser was towed out to sea early Friday by a strange tug, later being reported spotted by an aviator 20 miles out of Nuevitas, Cuba. Mr. Moran is a quarterback on the New York Football Giants, member of the National Football League.—Photograph by Herald Studio.

Writer' For Aviatrix

Haden Clarke, 26, free lance writer, is dead of a bullet wound in his head, apparently a suicide. He was a son of Mrs. Ida Clyde Clarke, women's magazine editor and professor at the University of Miami.

The wound was inflicted while he was in the sun porch of the residence of Mrs. Jeanne M. Keith-Miller, famous woman pilot, at 2321 S. W. Twenty-first terrace early yesterday. The sun porch was the bedroom of Clarke and Capt. W. N. Lancaster, former British flier. Mrs. Keith-Miller was in another room of the house.

GIANTS PACK PACKERS, 6-0

First Defeat for Green Bay Eleven Since Last December

A FORWARD-PASSING attack that could not be stopped gave the New York Giants a 6-0 victory over the Green Bay Packers at the Polo Grounds yesterday. It was the first setback for the Packers since last December when they dropped a one-point decision to the Chicago Bears. A crowd of 20,000 witnessed the game.

First Period.
The Giants, taking Hinkle's kickoff, rushed the ball to Green Bay's 10 yard line. The ball went to the Packers when Green intercepted it. McBride's third down pass to Fisher on the 10. Green Bay, on some splendid carrying by their line, got as far as midfield, when a poorly timed, further progress and their back. As a change of kick gave the Giants an edge and put the pro champions back on their heels on their own 13 yard line, Herbert immediately passed to Fisher. McBride's pass was caught by Green and it was the Packers' eighth in ten. The Giants' return punt to Moran was downed on the Giants' 25. The Giants' attack stalled and an exchange of kicks ended the period.
Score—Giants 6, Green Bay 0.

Second Period.
Gierson and Grant on the right side of the New York forward line opened up huge holes in the packed Green Bay line and made two first downs, but couldn't keep the ball over and lost the latter on midfield. Green finished a punt in midfield and through punter on to the 10. The forward pass, McBride to Moran and McBride to Bennett, advanced the ball to the Giants' 25. Two line threats failed and then McBride dropped back, but Herbert's line play was appalling and heaved a pass to the back for a touchdown. McBride missed his try for goal.
Score—Giants 6, Green Bay 0.

Third Period.
As in the three previous quarters, the action was marked by spectacular passing on both sides. The Packers missed two off their back line that would have been good for 25 to 30 yards. The Giants' defense was superb, and on an 11 yard first down, the consistent gains. Neither team could do much through the ponderous walls of beef and it was kick and pass. Not once was either goal threatened.
Score—Giants 6, Green Bay 0.

Fourth Period.
Clark Hinkle's 30 yard kick put the Giants on their back eight yards away from the uprights. The

had been started a steady drive to their 25 and then kicked. The N. Y. forwards were playing the Packers off their feet, rushing the kickers, harrying the passers and otherwise disrupting the Packers' offense. Herbert was trying to carry the game singlehanded. He made two first downs in a row, did all the passing and was advancing the game with one of them for a 13 yard gain in the closing minutes. It was the Packers' ball on the Giants' 21. He made four through centers. A fourth down pass, blocked down by Bennett, ended the threat.

Final score—Giants 6, Green Bay 0.

Football Up the River

By PAUL GALICO

FOOTBALL at Sing Sing Prison is a more or less macabre sport. The prisoner-players have what the Germans call "Galgenshumor," which is a most descriptive word which, when translated, means "gallowshumor." To a person at all sensitive, there are no laughs in the place, and none of the jokes cracked at the expense of the convicts seem to me to be funny. The other afternoon I spent a couple of hours within the prison walls watching the team rehearse for a game with a policeman team from Port Jervis next Sunday. And I found little that was funny in the place where men are deprived of their liberty for from five years to the rest of their natural lives. Incidentally, football at Sing Sing has been made possible through the generosity of Tim Mara, one of the few real sportsmen in New York. Mara equipped three full teams, and his players, the members of the New York football Giants, give their time and energy to coach them.

**Francis Dale "Hap" Moran and Dr. Joe Alexander
Form An Unbeatable Combination**

When the newly organized Jersey Football Giants, Hudson County's and New Jersey's lone representative in the American League signed up Francis Dale "Hap" Moran as their head coach they got one of the best football minds in the country. When they completed the coaching combination by signing up Dr. Joe Alexander, former All-American center from Syracuse U. as his assistant, they corralled what to all appearances look like an unbeatable combination.

There is a close bond of friendship between Moran and Alexander. It had its beginning back in 1924 when Moran, a raw-boned young giant from the tall grass region of Boone, Iowa, came in to join the New York football Giants. Alexander who was being acclaimed as one of the greatest all-time All-American centers hooked on with Tim Mara's combination the same year. Both became firm friends and were an inseparable combination when Moran quit the Giants after a seven-year stretch in 1931.

There's plenty of good football lodged within the walls of Hap Moran's brain. The fundamentals of the sport were ground into his thick hide when he played at Carnegie Tech under the very capable Dr. Walter Rittner in 1922-23. When he left the Skibow to return to complete his education at Grinnell College back in Iowa he picked up quite a few more helpful hints on how to play this rugged man's game from Mike Hyman who was later destined to be head coach at the University of Iowa. And if his football education was incomplete when he left Grinnell it was certainly given the proper flesh when he joined up with the Frankfort Yellow Jackets and later moved over to the Polo Grounds to play with the Giants.

Both "Hap" and Alex The Great are going to be popular figures in Hudson County. They have a pleasing personality that is bound to catch on with the fans in Frank Hague's domain. They are keen judges of football talent and fully capable of hatching their wins with any football combination in the pro realm.

**DEVLIN TO CLOSE
BASEBALL SCHOOL
AT PARK STADIUM**

Arthur Devlin's Baseball School, which has been in session for the past four months, will come to a conclusion this week. The former New York Giants' third baseman announced that classes will be held tomorrow through Friday at 10:30 o'clock in the morning.

All baseball candidates over 16 years of age desiring to partake in the tryouts are asked to bring their shoes and gloves.

ROWE'S ARM STILL AILING

Houston, Tex. — L. J. Wood (Schoolboy) Rowe, ailing Detroit Tiger pitcher, gave up six hits, including a homer, in four exhibition innings yesterday. Afterwards he said his arm "didn't feel any too good."

Mustangs Give Credit To Coach Moran

According to the Sunnyside Mustangs who average about 160 and who finished the grid season undefeated, they owe their success to the coaching of Hap Moran, former Carnegie Tech and pro Giant football star . . . The Mustangs, who have been beaten only once in two seasons, defeated the Greenpoint Lancers, St. Mary's (Bronx), the Jersey City F. C., Greenpoint Macons and last Sunday the Winfield Collegiates . . . Star of the Mustangs is Johnny Morrison . . . Aside to J. B. of Flushing: Thanks very much and a Merry Christmas to you, too.
